

MY HOBBY

Hi! My name is Patrycja. I'm 15 years old . My hobby is drawing. I have been interested in it since I was a little girl. When I was younger I took part in art competitions.

This year I swear to myself that I would start drawing more seriously. So I started drawing basic things with more professional equipment.

But I didn't stop drawing other things more abstract or less what it shows in these work

These are some of my many drawings. In addition to pencils, I also use crayons, pastels and paints.

Apart from drawing on a piece of paper, I also make artistic make-up and characterization. Some of my work appears on my Instagram and Snapchat.

I am also trying to discover my drawing style.

I don't draw perfectly, and not even very well and I don't know if my future is connected with it but I really like drawing and I want to develop it. Training makes perfect so I will train as I can.

The most important thing is not to give up! 😊
